Medicines containing molasses or liquorice, like the Medicines containing mosses of injurity, like the boasted Sarsaparillas, require many large bottles to produce the slightest change in health. The Fourer Wisk is altogether a different article. It contains no syright to give it consistency, but acquires its excellent flavor, and powerful medicinal properties from the vegatable plants of which it is composed. Testimony of Mr. Nathan Mathews, a highly respectable and wealthy citizen of Newark, N. J. Dr. G. W. Halasky: I befree your Ferrest Wine and Pills have been the means of saving my life. When I commenced taking them I laid at the point of death with Dropsy, Piles, and Asthma. My physicians had given me over as past cure, and my family had lost all those of my recovery. While in this decadful situation your Forest Wine and Pills were procured for me, and before I had finished the first bottle of the Wine and lox of Pills, I experienced great relief; my body and limbs, which were greatly swollen, became sensibly reduced. Hopes of my recovery began now to revive, and after communing the use of your medicines for about a mouth, the Piles and Asthma were completely cured. The Dropsy, with which my life was placed in suchgreat danger, was also nearly gone. I have continued the use of your medicines until the present time, and I how enjoy as perfect health as ever I did in my life, athough I am more than sixty years of age.

Yours, respectionly.

Great Cure of Liver Complaint of Ten Years Standing.

Ten Year's Standing.

New York, Jan. 9th, 1849.

Dr. Hatsky, Dear Sir.—Having taken your Forest Wine and Pills to remove a disease of the Liver, from which I have suffered severely for apwards of ten years; and having adhered closely to the directions which accompany the medicines, I have recovered my health not withstanding all who knew me thought my case incurable. Frevious to taking the Wine and Fills, I had recourse to the best medical treatment, but continued to grow worse to an alarming degree. Some of my friends spoke despairingly of my case, and tried to persuade me from making use of any advertised remedies; and I doubt not, but what there are huncreds who are dissuadoubt not, but what there are huncreds wheare dissonded from taking your excellent medicines, in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled men, in flaming
advertisements. But, what a pity it is, that the deception used by others, should be the means of dissuading
many laboring under discase, from making trial and being cured by your excellent remedies. Humanity 'speaking, they have saved my life; when I commenced making use of them, I was in a wretched condition, but began to xperience their good effects in Ioss than three
days; and in six weeks from the time I purchased the
medicines, to the great surprise of all my friends, I was
entirely cured, and had increased filteen pounds 'in
weight, having taken one box of the Pills, and two botties of the Wine. Would to God that every poor suffer
or would avail himself of the same remedies.
